- **Great Solution For: Stairways, Garages and Hallways**
- **Dimensions: (L)50.35" x (W)2.36" x (H)3.43"**
- **5000K**
- **1800 Lumens**
- **25 Watts/5 Watts in Standby Mode**
- **50,000 Hours**
- **5 Year Warranty**
- **Input Rating~AC: 100~277V 50/60HZ**

The Ohyama Lights LED 4ft Surface Mount with Motion Sensor fixture is ideal for stairways, hallways, garages, etc. During standby mode (no movement), the fixture dims to 360 lumens and consumes only 5 watts of power while providing a safe appearance. When motion has been detected from 19 feet away, the unit fully illuminates to 1800 lumens. Factory setting dims down to standby mode after 5 minutes of no activity. Settings can be modified to desired time intervals using an infrared remote control.

The fixture has dual motion sensors that can be positioned independently to maximize bi-directional sensing. The durable, solid metal housing is powder coated with a plastic lens. The fixture is rated for 50,000 hours and is ENERGY STAR listed.
