L: 10.43" (265mm)
 H: 8.27" (210mm)
 W: 2.13" (54mm)
 Weight: 3.9 lbs (1.8 kg)

For those applications where true color representation is critical the Ohyama Lights OLSP LED Track Head is an ideal choice. Designed for easy compatibility with both Halo® and Juno® track systems the OLSP fixture delivers high lumen output with greater than 80 CRI to meet the most stringent lighting needs. This UL listed product works with both one and two circuit track systems, features either 25° or 50° beam angles and is available in either Black or White finishes. The OLSP Track Head is perfect for large retail or gallery applications as well as for highlighting products, signage and accent pieces.
